Mr. Frazer Lockhart
United States Department of Energy
Rocky Flats Office
P.O. Box 928
Golden, CO 80402-0928

Dear Mr. Lockhart:

This letter is being sent to inform you that Jefferson County Open Space is presently preparing to undertake prairie dog control measures in the 475 acres which the County owns and on which your organization is responsible for remedial action. Please advise me by 9/3/91 if there is any action that the Department of Energy or EGG needs to take prior to the control measures being implemented.

Enclosed, please find a map of the prairie dog control areas. This project will be contracted by the County to a private vendor. The contractor will be responsible for conducting the required Black-footed Ferret search of the area and the application of a rodenticide to control the prairie dogs. These control measures will be taking place between September 12 and 20, 1991.

If I can be of any further assistance, please do not hesitate to contact me at 271-5925.

Sincerely,

Stanton La Breche
